Explanations

- Name: ID code the meerkat is given at emergence or immigration
- Common name: Name for daily use given to some meerkats; not all names are on file
- Groups: Groups the meerkat lived in (chronological order)
- Birth/Fseen: Date of birth or date a wild meerkat was first seen in the group
- Litter: Code of the litter the meerkat was born
- Mother: ID code of the mother (more than one code: mixed litters with mothers not established)
- Dead/Lseen: Date of death or date the meerkat was seen for the last time; empty: meerkat still alive
- Dye mark: Most recent dye mark, e.g. RS=right shoulder, LR=Left rib, 2RT=Two right thigh, MB=midback, TB=Tailbase, T=Tail; RC = Radio collar
- Researchers' Comments: Comments to names or description of physical features given by the researchers

Please note that dates are given in European format, i.e. Day-Month-Year
